Sorry to inform everyone, i am still being telepathically tortured in a program headed by Marc Powell. The only detail i have on the program is national resources. from what I've gathered an informant named dan bell faked a controlled buy on me 3 years ago, and i had out of state plates. 13 months ago the program switched from surveillance to torture. i want to rehab like the voices demand and haven't been addicted to any drugs since.

please help. please look into the evil program that is coming from your office.

i do not feel safe. please send the Carbondale police up for a welfare check, i could use a ride to the psychward.

thanks.
matt

it seems my cries for help continue to fall on deaf ears. this is very hard for me. my dad looks at me with a scared look on his face and tells me "you know in your heart you know it's not true. the technology doesn't exist, and if it did, why would they waste it on you."

and i can believe him all i want, but I'm still 24/7 tortured by the people in your office.

I've been leaving messages with the fbi Scranton field office for a couple days. please help or call someone who can help.

I've never been a criminal and I've never been a bad person. i don't even litter.

please look into what is going on in your office. if you're in the dark, my life is at stake.. thank you for calling the Carbondale police last email, all they did was a well fare check.

this is the second time I'm reaching out..

please look into the actions of the people in your office. it's been over 6 months and I'm still constantly harassed 24/7.

my name is matthew roberts, i live in carbondale 179681108

I'm not a criminal and I've never been one. people i believe from your office are harassing me, they are insisting i either go-to rehab, or kill myself. I've been sober for a couple months and I'm still being harassed.

I've picked up these names from them bickering between each other while harassing me.

marc, chris, justin, jason, brian, jeff..

please look into what your staff has been upto.

no one deserves to be treated like this.
