Questions

it's matthew roberts from carbondale PA trying to get rescued from the 2 years of telepathic torture coming from Marc Powell and the Lackawanna County District Attorneys Office using National Resources technology. I've been begging you to stop this for 2 years. i now know NR is actually the domestic division of the CIA. I know six of their names, Marc Powell and Chris Kolcharno being leads and Jason Brian Jeff and Jordan being participants. using bad intel they put me under investigation in the summer of 2020, i am an innocent PA native. they turned the failed investigation into a full time torture program may 2022. june 2022 i received a call from a lady saying she was from your office, that the attack was coming from the lackawanna county DAs office. i can only describe it as synthesized schizophrenia. I'm on youtube and reddit detailing everything. <http://youtube.com/elphhh> i don't know what else to do, these men are not going to stop on their own. i need to be rescued.
